ARTICLE IV. CLOSING STREETS AND ALLEYS

Connecting Ordinary People To An Extraordinary Life In Christ

May 13, 2019 Petition To Stephenville City Council

First Baptist Church of Stephenville would like to request closing and abandonment of Barton Street from Mason street on the South to Green street on the North. We agree to pay all fees and other costs associated with this decision as outlined under Stephenville, TX Code of Ordinances CLOSING STREETS AND ALLEYS.

Subdivision is City Addition. This portion of Barton is bordered on the East by block 21 and on the West by block 26. First Baptist Church owns both of the aforementioned blocks.

Our primary reason for this petition is our members safety. Our Sanctuary building and education building face each other on each side of the street and are connected by an enclosed skywalk. Directly under this walkover is a marked pedestrian crosswalk. We have many members who cross on Sundays and Wednesdays. Also our preschool escorts children across the street for Chapel on Tuesdays and Wednesdays. It is becoming more and more dangerous as our membership grows and traffic increases. There have been many very close calls and narrowly averted accidents with vehicles and pedestrians in the past several years.

First Baptist Church understands that the City of Stephenville will maintain an easement to the property because of a water main buried under the street.

I wish to thank The Stephenville City Council for giving consideration to our petition and we look forward to working with the City on this request.

### Sec. 95.55. - Public hearing.

(Ord. 2015-11, passed 7-7-2015)

### Sec. 95.58. - Replat required.

Unless otherwise approved by the Council, when the abandonment of a street or alley results in lots that do not front upon an improved street, said lots shall be replatted so that all resulting lots have frontage upon an improved street. Said replat shall be presented to and approved by the Planning and Zoning Commission and City Council within nine months of the date of the ordinance abandoning said street or alley or the ordinance abandoning the street or alley shall become null and void. Should said ordinance become null and void the purchase price paid for the abandoned street or alley shall be refunded to the petitioner.

(Ord. 2015-11, passed 7-7-2015)

### **STAFF REPORT**

**SUBJECT:** HOT Funds Request from Cowboy Capital Pro Rodeo

MEETING: City Council Work Session - 16 May 2019

**DEPARTMENT:** Tourism and Visitors Bureau

**STAFF CONTACT:** Julie Smith

### **RECOMMENDATION:**

As a signature event for Stephenville, the Cowboy Capital Pro Rodeo passes the first part of the State's statutory two-step test as it fills over 300+ hotel rooms for the three-day event. The event passes the second part of the two step test as it is a sporting event and funds will go toward advertising. The STVB staff recommends funding this HOT request.

### **BACKGROUND:**

The Cowboy Capital Pro Rodeo is celebrating 50 years in Stephenville. This year's event includes a week-long Rodeo Heritage celebration with a parade, special needs rodeo, fashion show, children's mutton bustin' and the Cowboy Capital Pro Rodeo. Last year's event brought almost 500 entries, with 8,000 in attendance for the three days. Last year's Rodeo drew entries from all across the U.S. as well as from Brazil, Canada and Australia. Per their application, this year's event expects this many entries and attendees, or more.

### **FISCAL IMPACT SUMMARY:**

The Cowboy Capital Pro Rodeo is requesting \$20,000 in HOT funds to pay for advertising and promotion through newspaper, radio, flyers, social media and branded promotional items such as caps and shirts.

### **STAFF REPORT**

**SUBJECT:** Epic Rodeo Experience HOT Funds Request **MEETING:** City Council Work Session - 16 May 2019

**DEPARTMENT:** Tourism and Visitors Bureau

**STAFF CONTACT:** Julie Smith

### **RECOMMENDATION:**

Because this is a first time event, Epic Rodeo Experience must demonstrate their event meets the first part of the statutory two-part test for impact on our local hotels. The request does meet the second part of the two-part test as this is a sporting event and a portion of the funds will be used for advertising. However, per the state tax law for sports events, the event must "substantially increase economic activity at hotels and motels within the municipality or its vicinity."

### **BACKGROUND:**

Epic Rodeo Experience started in 2015 in Oklahoma and is now the largest free rodeo sports clinic in the world taught by professional athletes. ### **ABOUT EPIC PERFORMANCE ATHLETES:**

In 2015 a vision became a reality when founder, Shelly Weaver and a core team of professionals produced the first free barrel racing clinic. Continuing to grow annually, expanding the disciplines and the geographical presence, by 2018 the clinic included all 8 rodeo events and had over five thousand in attendance, this making it the largest rodeo clinic in the world.

In 2019 the vision of Epic Performance Athletes (EPA) became reality when Shelly and her team stepped into the world of mainstream sports.

### VISION:

Epic Performance Athletes was created to allow children grades 9-12 the opportunity to grow their passion for sports with the help of professional athletes and coaches. With focus on an athlete's talent including mental stamina, physical endurance and personal growth, driving each individual to be Epic. We strive to make an all-encompassing difference. Life skills like leadership and mental toughness are an element in the clinics as well as nutrition and fitness. Our team of licensed counselors, fitness experts, nutritionists, and life coaches make it possible to provide this platform.

### **EVENTS:**

Clinics will be three days to one week long, depending on attendance, and are slated to be during the summer months. Registration occurs 60 days prior to each event and is cut off 30 days later. Clinics will be broken into fundamentals and classroom time, spread out over the dedicated time frame. We will host one epic clinic per year at college campus' around the country.

Mini clinics will be hosted monthly around the country and will last 4-8 hours with a maximum capacity of 50 students. These clinics will be held at local gyms, parks, etc. focusing on the basics of fundamentals and personal growth.

### **COMMUNITY:**

As a 501c3 nonprofit our goal is to create an organization that will take the time and means of our contributors and make our resources available to go full circle.

There will be a canned food drive at each main and mini clinic that will allow us to give back to the local communities. We will share the food with homeless shelters and food banks.

Athletes that compete at the professional level often times belong to a charitable cause and when those athletes commit to donate their time at an Epic clinic, we want to give back to their organization in return. The contribution may be volunteering for fund raisers, other clinics, or wherever we are needed to make a difference.

### **FUNDING:**

Epic Performance Athletes, Inc. is a 501c3 non-profit designed with the personal development of the youth in mind. EPA operates solely on the financial support of individuals and companies who share our same passion.

### **RODEO DIVISION:**

Depending on the venue for the epic clinic the rodeo division may or may not be in conjunction. Because there are many logistics involved for each event to be taught successfully most clinics will be off site and in the fall. The rodeo clinics include all rough stock, all roping, barrel racing, horsemanship, and colt starting. Just like the mainstream sports clinics, we will have one all-encompassing clinic each year and satellite events throughout the year focusing on one or two of the events.

### City Council Work Session

### **STAFF REPORT**

**SUBJECT:** Summer Day Camp and After School Needs Assessment

MEETING: City Council Work Session - 16 May 2019

**DEPARTMENT:** Parks and Leisure Services

**STAFF CONTACT:** Jen Basham

### **RECOMMENDATION:**

Staff recommends implementing after-school and summer day camp programs in partnership with Stephenville Independent School District.

### **BACKGROUND:**

In the Fall of 2018, the Parks and Leisure Department began conversations with Stephenville ISD (SISD) to determine the need for After-School Care and Summer Day Camps. Due to facility constraints, Parks and Leisure Services do not have adequate space to host the programs. After discussions with the school district, it was determined that if a need was proven to be present, the school would host the program, and the recreation department would be the administrator and facilitator of the programs. In January 2019, SISD sent out a parent survey to 3,157 households in the school district. The survey ran for 26 days and received 492 responses or 15%. The results of the survey determined that there was a prevalent need for affordable after-school and summer day camp opportunities for the youth in the community.

25% of respondents stated that they believed the service should be free while another 57% believed it should cost between \$10 and \$30. 79% stated that their child would not require a scholarship to participate in the program.

After reviewing the data recreation staff and the school came together to discuss the next steps including cost and staffing needs. Staff are presenting the after-school program to run from 3:00 pm to 6:00 pm Monday-Friday, and on holidays (excluding Thanksgiving Day, Christmas Day, and New Years Day) for a total of 166 after-school days, 6 early releases, 16 school holiday dates, and 12 weeks of summer.

Staff are proposing the following rate structure based on a minimum of 20 participants:

#### Registration fee

After School	\$ 30.00	week
Early Release	\$ 10.00	day
Full Day	\$ 20.00	day
Break Camps	\$ 85.00	week
Before/After	\$ 5.00	day

### **FISCAL IMPACT SUMMARY:**

The programs are designed to be cost neutral. Staff will work with the school district to apply for the 21st century grant, and local community organizations to provide scholarships and additional funding sources to ensure that all children are able to participate. First-year program cost to implement include staff, uniforms, supplies, transportation, and training are projected to be approximately \$177,250.00. The finance department is auditing the numbers prior to final budget requests.

### **STAFF REPORT**

**SUBJECT:** Green Ribbon Grant

MEETING: City Council Work Session - 16 May 2019

**DEPARTMENT:** Parks and Leisure Services

**STAFF CONTACT:** Jen Basham

### **RECOMMENDATION:**

Staff recommends applying for TxDot Green Ribbon funding to replace the existing 7 green ribbon landscape beds throughout the community.

### **BACKGROUND:**

The Texas Department of Transportation provides a program designed to transform concrete dominated landscapes into ribbons of green. It is a corridor aesthetic and landscape master plan commonly referred to as the Green Ribbon Project. The City of Stephenville currently has seven beds that were former green ribbon funded projects. As part of the call for projects, TxDot allows you to re-apply for existing projects that fall into disrepair. The project scopes include drought tolerant, native and adaptive plant materials, and irrigation systems. Hardscape, seeding, sodding and erosion control measures are not funded under this program. Projects must be on state right of way.

### **FISCAL IMPACT SUMMARY:**

Green Ribbon projects are 100% funded up to \$400,000.

The administration of the grant is quoted at \$35,000 proposed to be funded through the grant match line item.

If locally let the City will be responsible for upfront costs and be reimbursed by TxDot.

If state let the state will cover all costs up front, however, there is a time impact.

Any overage will be incurred by the City.

**WHEREAS,** the City of Stephenville supports and joins with Better Business Bureau in this national effort to help America's small businesses by encouraging best business practices and celebrating marketplace role models so that small business

### Regular City Council Meeting

### **STAFF REPORT**

SUBJECT: Atmos Cities Steering Committee Membership

MEETING: Regular City Council Meeting - 04 Jun 2019

**DEPARTMENT:** Administration **STAFF CONTACT:** Staci L. King

### **BACKGROUND:**

### Purpose of the Resolution:

Most municipalities have retained original jurisdiction over gas utility rates and services within municipal limits. The Atmos Cities Steering Committee ("ACSC") is composed of 178 municipalities in the service area of Atmos Energy Corporation, Mid-Tex Division that have retained original jurisdiction. Atmos is a monopoly provider of natural gas. Because Atmos has no competitors, regulation of the rates that it charges its customers is the only way that cities can ensure that natural gas rates are fair. Working as a coalition to review the rates charged by Atmos allows cities to accomplish more collectively than each city could do acting alone. Cities have more than 100 years experience in regulating natural gas rates in Texas.

ACSC is the largest coalition of cities served by Atmos Mid-Tex. There are 178 ACSC member cities, which represent more than 60 percent of the total load served by Atmos-Mid Tex. ACSC protects the authority of municipalities over the monopoly natural gas provider and defends the interests of residential and small commercial customers within the cities. Although many of the activities undertaken by ACSC are connected to rate cases (and therefore expenses are reimbursed by the utility), ACSC also undertakes additional activities on behalf of municipalities for which it needs funding support from its members.

### The ACSC Membership Assessment Supports Important Activities:

ACSC is actively involved in rate cases, appeals, rulemakings, and legislative efforts impacting the rates charged by Atmos within the City. These activities will continue throughout the calendar year. It is possible that additional efforts will be necessary on new issues that arise during the year, and it is important that ACSC be able to fund its participation on behalf of its member cities. A per capita assessment has historically been used, and is a fair method for the members to bear the burdens associated with the benefits received from that membership.

### **Explanation of Resolution Paragraphs:**

I. This paragraph authorizes the continuation of the City's membership in ACSC.

II. This paragraph authorizes payment of the City's assessment to the ACSC in the amount of five cents (\$0.05) per capita. III. This paragraph requires notification that the City has adopted the Resolution.
