**Permit Conditions:**

1. This permit is task specific (*Identified on page 1 of this application and approved plans*).
2. This permit is required for any excavation beneath and public street, sidewalk, alley, median, parkway, shoulder and/or curb.
3. This permit is required for each excavation activity over 12 inches of excavation.
4. This permit is valid from the proposed start date to the proposed completion date. The Applicant and/or Contractor are responsible for maintaining spotter's marks after permit is issued. Request a Re-spot if spotter's marks are not clearly visible.
5. This permit and all attachment shall be kept at the excavation site during excavation activities.
6. This permit is not intended to be a complete work release document. Other documents or attachment may be required prior to work.
7. This permit is not intended for the installation of foundations.

**Site Plan Requirements:**

A scale drawing site plan containing the following:

1. All lot lines and lot dimensions;
2. All existing and proposed structures;
3. All existing and proposed driveways;
4. Distances between lot lines and buildings ( existing and proposed);
5. Distances between buildings;
6. Distances of existing and proposed driveways (length and width);
7. Distance of right of way (Width);
8. Distance between curb to curb (Width);
9. Distance between property line and street curbing (Width);
10. Proposed routing of drainage water showing all drain ways, curbs, retaining walls, etc.;
11. All required parking spaces and loading areas;
12. Driveway of adjoining properties and dimensions;
13. Driveway of property across the right of way and dimensions.

**Suspending Work!**

Any and all individuals working under this permit are authorized and required to stop any work activity if:

- Conditions differ from those that have been investigated.
- Unusual odors are discovered during earth work activities.
- Soils are stained
- Buried debris or visible signs of contaminations are observed.
- There is any question about the validity of this permit or accuracy of the spotting or utility location.
- Any utility line located, not identified by the site plan and/or spotter.
